

Wen Yumei

Shanghai Medical College of Fudan University

Yu Zhuowei

Huadong hospital affiliated to Fudan university

Chair

Room 6301, 6# Building, SHUTCM

24th September, Saturday

13:30-13:40 Sub-session Opening Ceremony **Wen Yumei**
Jorg Goronzy

Translational study for cerebral stroke and neurodegenerative diseases

Chair: Sun Feng-Yan, Yu Zhuowei

13:40-14:10 Delta-secretase in Neurodegenerative Diseases and its Drug Development **Ye Ke-Qiang**
14:10-14:40 Decoding Alzheimer's disease from perturbed glucose metabolism: Implications for diagnostic and therapeutic strategies **Zhong Chun-Jiu**
14:40-15:10 Restoring mitochondrial morphology rescues axonal defects in patient-derived neurons of hereditary spastic paraplegias **Li Xue-Jun (June)**
15:10-15:30 Coffee Break

Chair: Ye Ke-Qiang, Yang Guoyuan

15:30-16:00 Targeting the aging population via a Chinese traditional medicine approach **Cheng Jing**
16:00-16:30 Therapeutic Mechanism of Endothelial Progenitor Cell Transplantation for Ischemic Stroke **Yang Guoyuan**
16:30-17:00 Regeneration and functional recovery of stroke by combination stem cell transplantation therapy **Wei Ling**
17:00-17:30 VEGF is important player for reconstruction of neurovascular units in adult brains after ischemic stroke **Sun Feng-Yan**

25th September, Sunday

Aging -related diseases and control

Chair: Li Xue-Jun (June), Wei Ling

08:30-09:00 Molecular pathways of defective T cell responses in older individuals -Targets for improving vaccination outcomes **Jorg Goronzy**
09:00-09:30 Impact of age and radiation on telomere length and function of immune cells **Weng Nanping**
09:30-10:00 Combined ways to train care workers for the long-term care for the elderly **Wang Xiaoning**
10:00-10:30 Coffee Break

Chair: Wang Bin, Wang Xiaoning

10:30-11:00 A novel human FcγRIIA mAb (MEDI9600) potentially inhibits immune complex (IC) mediated proinflammatory responses through ligand blocking and receptor internalization mechanisms-a candidate drug for the treatment of antibody mediated diseases **Chen Bo**
11:00-11:30 A novel Aβ42 vaccine ameliorates cognitive deficits without brain inflammation in an Alzheimer's disease model **Wang Bin**
11:30-12:00 Aging Bone & Care strategy in China **Zhu Hanmin**

上海虹桥国际机场

地铁10号线主线 → 地铁2号线 → 1057

Shanghai Hongqiao International Airport

Line 10 → Line 2 → No.1057 Bus

上海浦东国际机场

机场八线 → 地铁2号线东延线 → 地铁2号线 → 1057

Shanghai Pudong International Airport

Airport Line 8 → Line 2 (East extension line) → Line 2
→ No.1057 Bus

上海虹桥火车站

虹桥枢纽10 → 地铁2号线 → 1057

Shanghai Hongqiao Railway Station

#10 Hongqiao Hub → Line 2 → No.1057 Bus

上海南站

地铁1号线 → 地铁2号线 → 1057

Shanghai South Railway Station

Line 1 → Line 2 → No.1057 Bus
